RESTORING HOPE & SERVING
THE MOST VULNERABLE WITH
COMPASSION AND MERCY

On behalf of Rahma Relief Foundation's board of directors, I am filled with gratitude to have your support as the years pass by. Our collaborative work has helped ensure aid is received by our brothers and sisters in need around the world .

I would also like to extend my appreciation to our dedicated staff members who are working during extraordinary feats to fulfill our mission and bring sanctuary to those in need. Since the establishment of Rahma, we have touched many lives in positive ways through the humanitarian impact we execute on a daily basis. We have been able to expand our network of volunteers on the ground in Syria in order to maximize your donations. Our efforts began in the early days of the Syrian crisis, and we hope to remain to ease the pain and suffering of the Syrian people.

CEO & FOUNDER **DR. CHADI ZAZA**

VISION

A world where communities in crisis are able to achieve self-sufficiency through implementing sustainable programs and access to greater opportunities

MISSION

Empower communities in crisis to recovery through creating lasting solutions, enhance their capacity and promote development & social justice

distributed in north south Syria and Lebanon, Yemen and Africa

HEALTH

6

Fully equipped medical mobile clinics

مَنْ سَفَلَ بِنِ سَعْدٍ ، قَالَ : قَالَ رَسُولُ اللَّهِ صَلَّى اللَّهُ عَلَيْهِ وَسَلَّمَ :
 "أَنَا وَكَافِلُ الْيَتِيمِ كَهَاتَيْنِ فِي الْجَنَّةِ ، وَأَهَارَ بِالسَّبَابَةِ وَالْوَسْطَى ، وَفَرَقَ بَيْنَهُمَا قَلِيلًا"

(I AND THE CARETAKER OF THE ORPHAN WILL ENTER PARADISE TOGETHER LIKE THIS, RAISING BY WAY OF ILLUSTRATION) HIS FOREFINGER AND MIDDLE FINGER JOINTLY, LEAVING NO SPACE IN BETWEEN THE PROPHET MOHAMMED

3.1 million children have been put at risk due to the unrelenting violence that continues to rage throughout Syria. Orphans can no longer survive in a world with no family, crumbling infrastructure, destroyed school buildings and hospitals with severely depleted medical supplies.

Although no one can replace a lost parent, our goal is to provide these children the hope, education and the means to survive – at times completely reliant on the compassion and generosity of people like you. We consider them as the most vulnerable and valuable members of society who need continuous and comprehensive care to grow and prosper. Open your heart

375 Orphans sponsored from Syria and refugee camps in Lebanon and Turkey.

5 WARM THE CHILDREN CAMPAIGN

During the harsh winter months, thousands of people around the world have to endure the freezing temperatures in sub-standard shelters. Rahma Relief work with displaced families and affected communities all winter long bracing the cold. We distribute Winter Kits that include blankets, mattresses, winter clothes boots gloves, socks and fuel or other heating devices to those who desperately need them. Last winter, kits were distributed in Eastern Ghouta, North and South Syria, Lebanon and Aleppo.

REFUGEE ASSISTANCE CAMPAIGN 6

In response to the influx of the refugee's resettlement in the United States, we launched this program to assist new comers to feel more welcomed into their new homes.

Community events were held to meet their neighbors and feel more integrated. In addition, workshops were held to provide resettlement information and guidance on life in the USA. Also, rent and utilities assistance were provided to many refugees who still find difficulty making ends meet.

One of the most ambitious projects we initiated in the City of Daraa is the livestock project. Animals are raised on a farm and looked after by a vet. Many have reproduced and their offspring increased the population from 6 to 18 cows, producing milk and other dairy products. As of May 2018, four persons are employed full-time supporting their families (up to 35 people) with plans to expansion in the near future

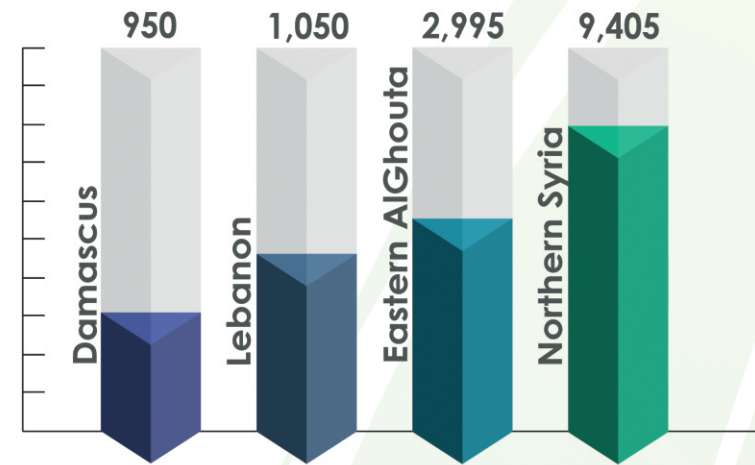

**The project began with only 6 cows
The number of cows increased to 18 cows**

We have 4 full time local employees supporting their families, and a plan to expand is underway .
Milk and meat is being produced out this project!

Millions of children have been denied access to proper schooling for the past three to five years. To combat this detrimental situation, we partnered with Multi Aid Programs (MAP) we established year round schooling for Syrian children. In September 2015, RRF established Al-Amal school in Lebanon. This location holds two sessions of half day schooling for over 300 students per day. We also established two schools in the suburb of Idlib and Eastern Al-Ghouta.

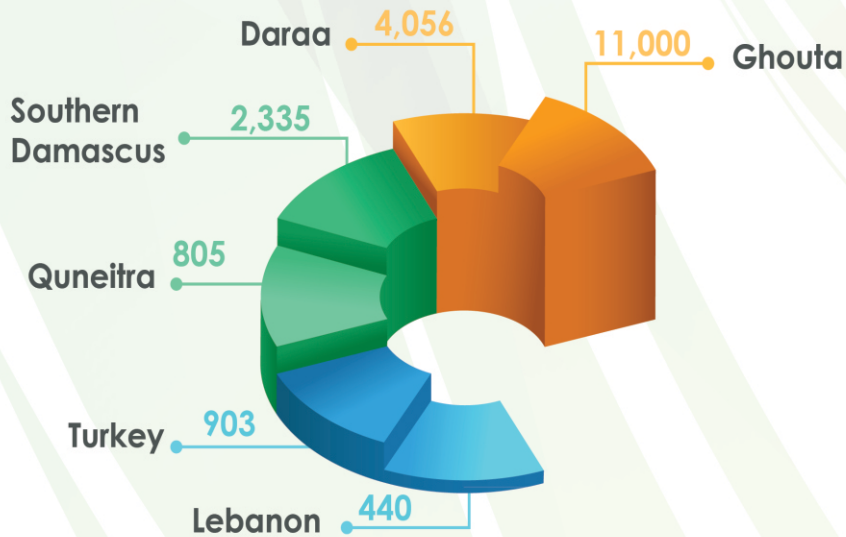

14,400 Students
Were provided school supplies, and maintenance to their school

This program is specifically designed to distribute infant formula to families who have a baby . This program is very important as it help reduce malnutrition among children under five and therefore reduce the infant and children mortality in Syria.

Yearly Distribution : 19,539

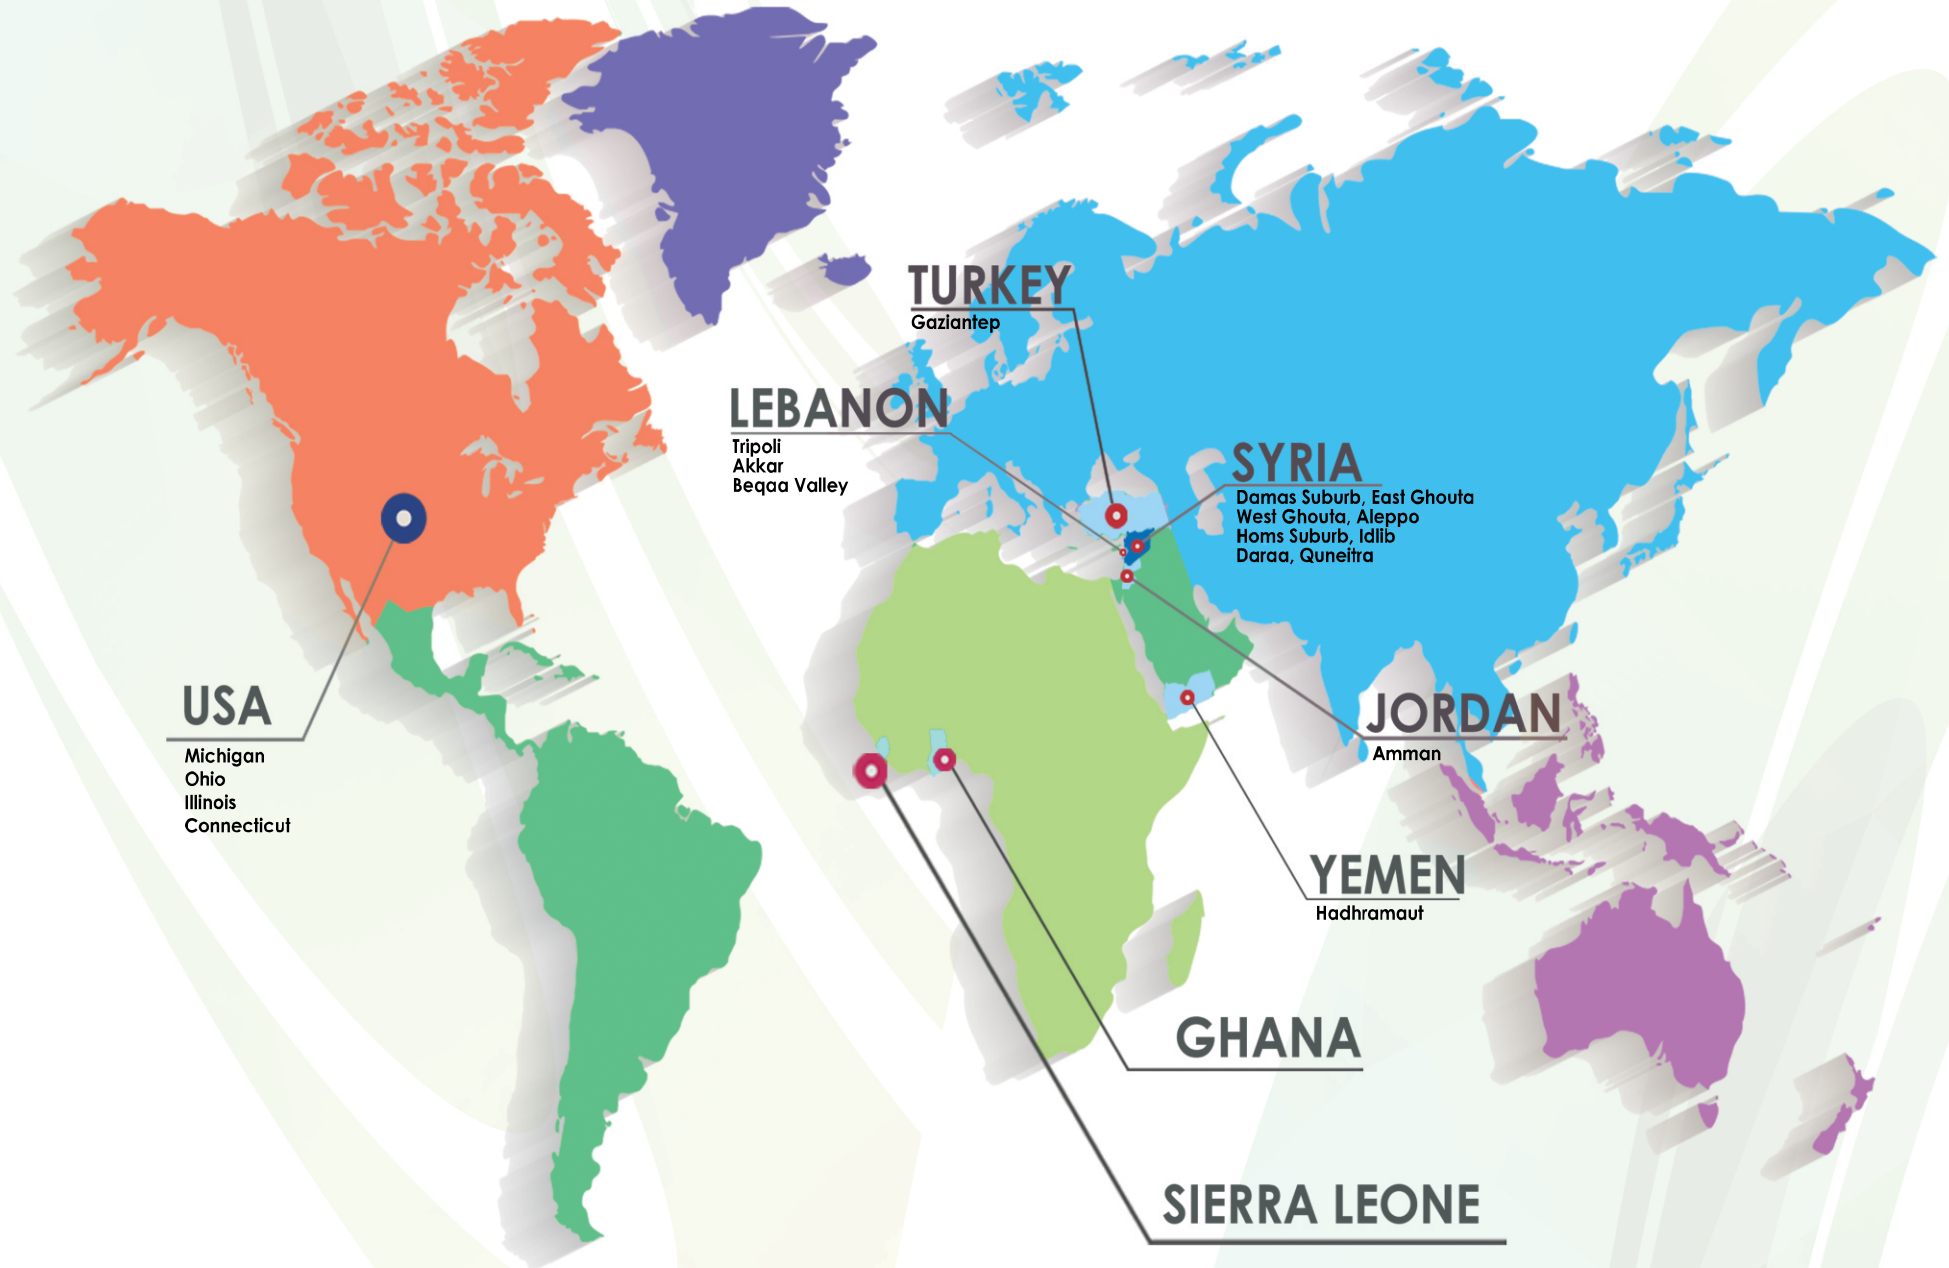

Every year when we near the end of the Hajj journey, Rahma gets ready to deliver something very special to the needy families — YOUR Qurbani (Udhiya) meat and gifts for Eid Al-Adha. After lots of planning and tireless effort we reach hundreds of displaced families and children through the distribution of meat, clothing items and other gifts just in time for Eid celebration. The smiles at the end makes it so worth the effort because Eid is all about promoting the virtue of giving and sharing with others.

Total Beneficiaries

208,000

 | **20,000** LITERS (WATER DISTRIBUTED)

Rahma's Water, Sanitation and Hygiene (WASH) program targets disadvantaged women, children, and youth of Syria. This program provides access to safe drinking water, adequate sanitation and hygiene education. Having these resources available decreases the chance of poverty, disease and death. Thousands of sanitation kits were distributed to women and children, that included hygiene products, diapers, toothbrushes, toothpaste, soap, and much more.

This program aims at empowering women in crisis and currently supports 450 besieged Syrian women to become financially and economically independent. The program provided about 250 women with skills development through seventeen (17) vocational training fields and workshops in Al Rastan for six (6) months. The program also provided training to improve cognitive and education level to 190 women through eleven (11) language courses, and hygiene and care skills development.

Our Office location
31119 Greenfield Rd Beverly Hills, MI 48025

Delivering life-saving aid to thousands of families and malnourished children in crisis areas, where civilians continue to bear the impact of a conflict marked by unparalleled suffering, destruction and disregard for human life. We deliver aid to people who desperately need it especially after the exponential increase in poverty levels and inflations making cost of basic necessities & food unaffordable. Our teams on the ground risk their lives to reach the trapped in besieged and hard-to-reach areas. Our typical food basket contains grains, rice, dry milk, beans, olives, lentils, oil and other items depending on area. Our staff and volunteers are recruited from the areas of operation, they're passionate about what they do, they're able to navigate security conditions, and they're trusted by the community to access to the most vulnerable households.

Annual Basket Distribution

600,200

Annual Program Beneficiaries

3,3 Millions

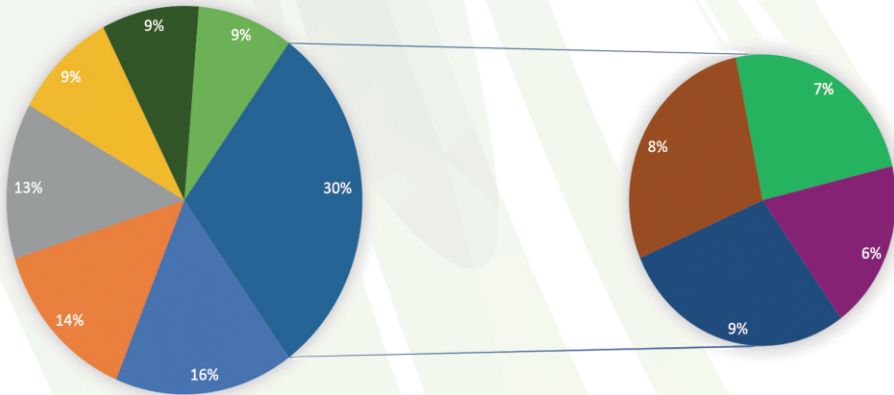

6 Fully equipped medical mobile clinics were delivered in collaboration with NPAC IF United Kingdom.

➤ 2 In Edlib suburb ➤ 2 In Daraa ➤ 2 In Quneitra

Non-Food Items are collected from all over the USA, prepared and shipped in 40 ft containers to our operating locations in the crisis areas on a regular basis. Our dedicated team on the ground sort the items to make it easy for families to select. Coupons are distributed to individuals based on family size, where they “shop” for items they need by redeeming their coupons. 72 containers were shipped in 2016, and 165 were shipped in 2017.

- **2,000** high nutrition meals for children who suffer from malnutrition
- **200** tons of firewood for **667** families

EMERGENCY FOOD INTERVENTION

Considered the most technologically advanced bakery in Syria, Rahma's Bakery was inaugurated in Feb 2018. The bakery serves bread to more than 15,000 people daily in the Qunitra Governate. To keep costs affordable to the local community, the bakery sells bread at 50% less than other local bakeries. With more than one ton of dough baked daily, the Bakery employs 13 head of households who support their families including staff with disabilities. Your contribution will ensure the continuous operation of Rahma's Bakery in the future, keeping costs down, and a chance to expand the workforce with more job opportunities and food security in Southern Syria.

2,350 Udhya (Qurbani) were sacrificed and distributed
