Since its humble beginnings in 2014 with just \$200, Rahma Worldwide has grown into a global humanitarian organization, serving over 11 million beneficiaries with an annual budget exceeding \$20 million. This remarkable growth is a testament to the generosity of our donors, the dedication of our supporters, and the tireless work of our volunteers and field teams.

In 2023, we faced numerous challenges, responding swiftly to natural disasters such as the earthquakes in Syria, Turkey, and Morocco, the floods in Libya, and ongoing crises in Gaza and Sudan. We also launched impactful humanitarian campaigns, including our Winter Campaign, Qurbani, and Ramadan Campaign, each benefiting over one million people. Our ongoing efforts continue to include orphan sponsorship, well drilling, and support for vulnerable families.

We are proud to be the first American relief organization to conduct consecutive medical missions to Gaza, delivering critical medical supplies. With an investment exceeding \$4.5 million, we have completed 15 missions to date, involving over 328 doctors.

In addition to our work in Gaza, we expanded our impact across Africa and the Middle East by opening new offices in Kenya and the UAE. We also launched the first phase of our sustainable environmental initiative, "Plant Your Tree." This year, we made special visits to Yemen, Kenya, and other countries, and organized the "America Tour" with artist Mohammed Tarek to raise support for our projects in Gaza and around the world.

It has been a productive year, and we look forward to continuing our mission of doing even more good in the future.

Guiding Principles

Sustainability

Sustainability is at the core of our humanitarian efforts. We prioritize empowering, creating job opportunities and fostering economic, social, and health growth within communities, laying the foundation for long-term self-sufficiency and resilience.

Rapid Response and Flexibility

We strive to be among the first to provide urgent support in emergencies. Our goal is to swiftly address the needs of those affected by tailoring our response to the evolving humanitarian demands on the ground, ensuring maximum efficiency and impact

Ethics and Transparency

We uphold the highest ethical and humanitarian standards in all our work. We are committed to transparency and honesty in our dealings with beneficiaries, partners, and supporters, and we ensure integrity in all financial transactions. Our adherence to international agreements and humanitarian guidelines has earned us certifications for transparency from multiple countries worldwide

Improving Quality of Life

Our mission is to transform lives and create a dignified environment for individuals and communities. Through our projects in healthcare, education, mental health, social services, relief, and development, we work to build a better and more hopeful future.

Rahma Responds Urgently

We deliver rapid and essential relief to those impacted by natural disasters, conflicts, and humanitarian crises. Our mission is to swiftly meet the urgent needs of affected communities whether through food, medical aid, shelter, or other critical resources alleviating their suffering and helping them rebuild their lives with dignity.

Continuing Our Emergency Response

Since the beginning of the Gaza crisis, our teams on the ground have been among the first to respond, despite facing immense challenges and risks. Tragically, we lost three of our volunteers, who became martyrs in the cause of humanitarian work. Additionally, our office, farm, and Rahma bakery suffered damages, yet our commitment to providing relief remains unwavering.

From day one, we utilized all our logistical resources and supplies stored in our warehouses to provide urgent relief to our people in Gaza. We established three field kitchens to address basic food needs, distributing 100,000 food baskets and 100,000 hot meals.

+1700 
Aid Trucks
to Gaza

Through Egypt, Jordan, and the Palestinian territories, we delivered over 1,300 aid convoys with vital medical supplies and essential food items, becoming the first to reach northern Gaza. We also provided critical supplies, including essentials for women and children, ensuring comprehensive support to those in need.

15,000

Tents for the Displaced

Our teams mobilized to provide urgent assistance to displaced families who lost their homes by establishing 68 shelter centers and distributing 50,000 blankets, mattresses, and heaters.

Our Medical Missions

In partnership with local Ministry of Health, we supplied Gaza's healthcare sector with over \$3.5 million worth of medications, devices, and medical equipment. We also provided thousands of daily meals to medical staff, distributed 8,000 first aid kits, and delivered 100,000 liters of fuel to keep hospitals operational during the conflict.

2 Reducing Surgery Wait Times From Two Weeks to Two Days

Thanks to the coordinated efforts of our medical teams, we reduced the wait time for surgical interventions in Gaza from two weeks to just two days. These were more than statistics they were moments of life, filled with pain and hope, where countless lives were saved. Our mission continues until every patient in Gaza is reached, God willing.

The events have left deep scars on adults, so imagine the impact on children.

We couldn't leave them to face their fate alone. As the first American organization to act, we swiftly partnered to provide aid to the most vulnerable children, transferring them to the U.S.A for specialized care.

One such case is 4-year-old Omar, who tragically lost his entire family, many relatives, and his hand. He also suffered severe burns and amputations. Our teams worked tirelessly to arrange his transfer from Gaza to the U.S.A, where Shriners Hospital for Children in Philadelphia provided him with life-saving treatment. Thanks to the dedication of skilled doctors, Omar regained hope for a new life.

Our Emergency Response to the Earthquake in Syria and Turkey

On February 6, 2023, a devastating earthquake struck Syria and Turkey, claiming thousands of civilian lives and causing massive destruction to infrastructure. Our teams quickly mobilized to provide emergency relief to those affected. Over the course of four months, we were able to assist more than 20,000 families.

Umm Maher

After her home was destroyed in the earthquake, Umm Maher (a mother of orphans) spent days and nights in the open. We rehabilitated her new, safe home and provided her with a monthly stipend to help care for her children and grandchildren.

Abu Rafiq

Abu Rafiq, from rural Idlib in northern Syria, experienced one of the most heartbreaking stories we witnessed during the earthquake. He lost nearly 30 members of his family and relatives beneath the rubble of his home. His only remaining family are his three daughters. We have provided lifetime support for Abu Rafiq and gifted him a 400-square-meter plot of land to rebuild his home, giving him a chance to start anew with hope.

Opening of Dr. Arsin Arslan Hospital Departments

After the main building of Dr. Arsin Arslan Hospital in Gaziantep, Turkey, was severely damaged, we swiftly intervened to restore the hospital's annex. We opened 25 specialized clinics, 15 operating rooms, and 3 intensive care units, providing essential care to over 300,000 patients annually. Today, the hospital serves more than 1.5 million beneficiaries each year, ensuring rapid and quality treatment for those impacted by the disaster.

The Total Cost of Emergency Response
Campaigns for Humanity

In 2023

Each year, we strive to expand our impact and reach more vulnerable communities. The year 2023 was especially challenging, marked by numerous disasters and conflicts. Despite these hardships, we remained committed to providing immediate, tangible assistance to affected countries, always guided by the core values that shape our humanitarian mission.

4 Core Principles For Humanity

01

Speed and Efficiency

Our teams implement swift measures to deliver immediate assistance in the shortest possible time after a disaster or in emergency situations.

02

Comprehensive Response

We unify efforts and collaborate with various entities to achieve the highest level of impact and effectiveness.

03

Human-Centered Approach

We treat beneficiaries with kindness and respect, focusing on meeting their essential and urgent needs in a concentrated manner.

04

Communication and Transparency

We engage with beneficiaries, providing clear and sufficient information about our services and ensuring rapid access to what they need.

Rahma Builds Homes

A safe home is a fundamental human need. At Rahma, we are dedicated to building, repairing, and providing essential support to beneficiaries living in difficult conditions. This effort is a key part of our mission to improve living standards and enhance social stability for vulnerable communities.

Our initiative dedicated to providing shelter and safety for those in need. We have repaired and rebuilt over 500 homes, transforming lives by offering secure, dignified housing to deprived families. In each home, we create a story of hope, turning uninhabitable houses into vibrant, sustainable environments. Our commitment extends to conflict zones like Yemen, Syria, Gaza, and beyond, where we continue to restore dignity and stability for vulnerable communities.

Rahma Sponsors Orphans

Because orphans are the true investment in the future of our communities, we are committed to providing them with love, care, and responsible support through our sponsorship programs. We ensure their basic needs food, education, healthcare, and access to recreational, cultural, and sports activities are fully met. Our goal is not only to offer them a dignified life but also to instill hope for a bright future.

This year

2,343

Orphans

are sponsored by Rahma

Other countries

Caring for children and orphans is central to our humanitarian mission. Our efforts focus on reaching and sponsoring them, securing their well-being, and preparing them for a stable future. With the rapid increase in the number of orphans globally in 2023, driven by ongoing crises and conflicts, this work has never been more urgent.

Rahma Sponsors Orphans Budget for This Year

\$ 2,100,000

Our Orphan Care Program Includes:

Monthly Sponsorships

Medical and Psychological Care

Recreational Activities and Sports Competitions

Clothing:
Eid clothing and school uniforms.

Nutritional Support:
Food baskets, collective Ramadan Iftar, and festive sweets.

Rahma Shares Food

We believe that food is a fundamental human right, and no one should suffer from hunger. Our programs are dedicated to ensuring this right by providing food to the most vulnerable communities worldwide.

3+ Million Beneficiaries

During the holy month of Ramadan, we distributed over 1,000,000 meals and hosted daily iftar gatherings. We also provided food packages to those in need. Additionally, during Eid al-Fitr and Eid al-Adha, we distributed Eid gifts and delicacies to help families share in the joy of the celebrations

Major Food Campaigns of the Year

Ramadan

This year, Ramadan was filled with mercy and love, as we organized communal Iftar gatherings that brought together many underprivileged families and orphans in an atmosphere of warmth and hope, drawing smiles to their faces. We also distributed meals and food baskets to homes and camps in Syria, Gaza, Yemen, and other countries.

1,000,000

Ramadan Meal

Qurbani Campaign

The joy of the beneficiaries motivated our teams to expand the reach of our Qurbani campaign, benefiting over 500,000 people worldwide. They received shares of sacrificial meat and festive sweets during Eid, bringing happiness to their hearts.

500,000

Beneficiaries In the world

Our Young Volunteer

Mohammad Al-Hammam

In a Syrian refugee camp in Lebanon, we met seven-year-old Mohammad Nidal Al-Hammam, the youngest volunteer on our team. Proudly wearing the Rahma uniform, he helped distribute Qurbani shares to families in the camp. Mohammad's dream is to help others, ensuring no one faces the hardships he experiences.

Rahma Treats Patients

At Rahma, we believe that health is a fundamental right for everyone. We are dedicated to providing medical care and treatment to patients worldwide, especially those displaced or affected by disasters and wars. Our mission is to improve their health conditions and empower them to lead better, healthier lives.

Reviving Healthcare in Gaza

At Kamal Adwan Hospital, we established and equipped the Emergency Response and Physical Therapy departments, while supporting new doctors administratively and financially. Although the Internal Medicine department's completion was delayed due to recent events, we refocused on strengthening emergency care across Gaza's hospitals. We secured international agreements to facilitate medical missions, bringing in 328 doctors and over \$4.5 million in essential medications and equipment. These efforts have saved lives and provided critical care to those most affected.

Hope Makers Center in Syria

The center provides physical therapy and care for the elderly and individuals with special needs, housing 20 elderly residents and serving around 50 beneficiaries daily.

Cataract Surgeries in Yemen

Our team performed 690 cataract surgeries at Mecca Hospital in Aden, including cataract removal and lens implantation using ultrasound technology.

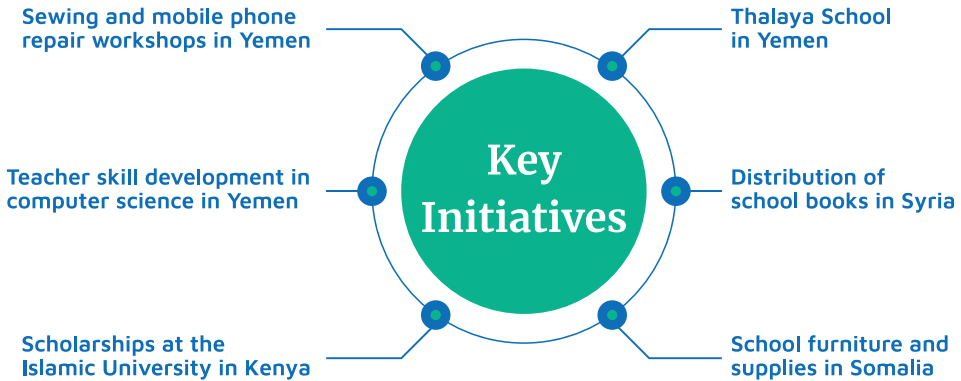

Rahma Inspires Generations

Because the best investment lies in inspiring the next generation, the builders of the future, we strive to transform these generations from merely beneficiaries of our relief services to active individuals capable of giving back.

Budget
\$500,000

50,000
Students Benefited

We supported education by providing stationery, school supplies, uniforms, and desks, and by developing Thalaya School in Yemen, including land purchase, teacher salaries, and book printing. Our initiatives expanded to Yemen, Turkey, northern Syria, and beyond.

+1,000
Beneficiaries From Training Workshops

In Turkey we launched mental health awareness and training programs in Gaziantep, including workshops on psychological first aid, Arabic language for non-native speakers, WordPress design, video editing, and digital drawing with graphic tablets.

Riham Harmoush

From Trainee to Creative Employee

Riham's success story is a model example of the effectiveness of our workshops. After graduating from the WordPress course at our office in Gaziantep and designing her own website, she transformed her talent into a real job opportunity. Today, she is part of Rahma's team, leaving her creative mark by designing Rahma's website.

Rahma Makes A Difference

We create a difference in the lives of individuals and communities, striving tirelessly to bring about positive change through our diverse projects. We believe that every action, no matter how small, contributes to shaping a better future for generations and empowering communities.

Rahma's Mental Health Team

Our mental health team provides support and assistance to refugees and those affected by wars or natural disasters in Turkey and northern Syria. Over 88 psychologists and administrators have carried out numerous educational, psychological, and social activities at Rahma Worldwide's office in Gaziantep.

Psychological First Aid Training

One of the earliest initiatives launched by Rahma's Mental Health and Social Center in Turkey was a special training program to prepare psychological first responders (non-therapists). This initiative aimed at raising awareness of the importance of mental health and detecting disorders early, to provide necessary support before the situation worsens. More than **250 participants** registered for the program.

A Lifeline of Hope

Despite the challenges and the impact on our team during the Syria-Turkey earthquake, Rahma's team quickly regained its ability to provide psychological and social services, including psychological first aid to the affected. In several Turkish states, including Gaziantep, Kilis, and Antakya, as well as northern Syria, we offered psychological support sessions to **over 10,000 beneficiaries**, both individually and in groups, for those affected by the earthquake.

Field Visits

Our administrative team prioritizes being on the ground, having conducted over 18 inspection visits aimed at understanding people's needs and providing urgent assistance directly within humanitarian and disaster-stricken areas.

18+

Inspection Visits

Rahma's management in America had fruitful visits to Yemen, led by **Dr. Shadi Zaza** and **Mr. Ahmad Al-Halabi**, along with **Mr. Saleh Al-Haj**, Head of Fundraising, and **Mr. Abdulrahman Al-Attas**, Rahma's Yemen Office Director. The visits to Hadhramaut, Taiz, Aden, and Marib marked the launch of numerous sustainable development projects.

Vital Assistance and Projects

Basic essential supplies, including water, food, and baby formula, were distributed to displaced families. We handed out **500 school bags**, sponsored 500 orphans, and inaugurated an artesian well in Wadi Al-Qadi that serves **over 10,000 beneficiaries** struggling to access clean water. Additionally, we partnered with the Ministry of Education to print school textbooks.

38 Educational and Vocational Courses

Our team carried out capacity-building and sustainable development programs, including sewing, mobile phone repair, and computer skills courses. Mr. Ahmad Al-Halabi also led a training course on basic first aid for Rahma's Yemen team.

Thalaya School

Students at Thalaya School faced significant challenges, studying without desks in harsh conditions, which accelerated the completion of purchasing new land for the school at a **cost of \$145,000**.

Sustainable Projects in Gaza

We visited Gaza twice in 2023, prior to the events that unfolded later. Our tours were filled with achievements and sustainable projects. Our team worked tirelessly to arrange field visits post-2024 events to continue urgent relief efforts for our people in Gaza.

Al-Izz and
Karama Center

850
Honored
Students

\$1,500,000
Project
Cost

During our first visit in August 2023, we celebrated outstanding school and university students by providing them with financial aid. Additionally, we signed several agreements with officials from educational and health institutions, including a visit to the University of Gaza, where we laid the foundation for the Al-Izz and Karama Center. We also honored the American medical delegation, which performed 153 surgeries in 5 days, benefiting over 150 patients.

In October, just days before the major events, we conducted our second visit to Gaza, which included meetings with several medical and educational institutions such as the Al-Azhar Educational Institute, Turkish Friendship Hospital, and Al-Sahaba Medical Complex. We also met with officials from the Ministry of Health to discuss ways to enhance cooperation and support for our projects, aiming to improve healthcare quality in the region.

As Our Visit Continues in

Kenya

Our administrative team worked to expand Rahma Worldwide’s presence in Africa, starting with the opening of our regional office in Kenya. We signed educational agreements to support local schools, visited orphan centers in Mombasa and Kilifi, and provided aid to them in their challenging circumstances. We also dug several wells across various regions in Kenya.

Turkey

Since the devastating earthquake hit Syria and Turkey in February 2023, Dr. Shadi Zaza led our administrative team to the affected areas to assess the damage and explore ways to rehabilitate and rebuild. The visit included the opening of new departments and clinics at Arsine Arslan Hospital in Gaziantep, participating as a key sponsor in the Syrian Graduates Conference, and honoring 1,150 trainees who completed digital skills training at our office.

Northern Syria

Our administrative team was on the ground from the very first moments of the February 2023 Syria-Turkey earthquake, supporting the affected in Northern Syria alongside the Syrian Civil Defense (“White Helmets”). We oversaw the preparations for Ramadan and Eid al-Adha projects and reviewed our humanitarian campaigns across multiple regions. We visited Dar Al-Salama for the elderly and people with special needs, as well as the Hope Makers Center for physical therapy and elder care in Azaz, rural Aleppo.

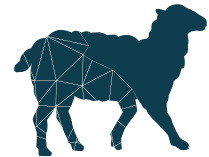

From Kenya, Here Comes Rahma

Our exceptional journey began from the heart of Africa, as we inaugurated the Rahma Worldwide office in Kenya. This strategic move was aimed at expanding our humanitarian efforts and establishing a hub for our projects across the African continent.

The Most Modern Slaughterhouse in Africa

In our commitment to contributing to food security in Kenya and across Africa, we opened Rahma's slaughterhouse. The facility is designed to regulate slaughtering operations according to the highest quality standards, ensuring the safety of both sacrificial animals and their meat. The most advanced techniques are employed, guaranteeing the provision of safe and fully processed meat to beneficiaries.

Plant Your Tree

As part of our vision for sustainable relief projects and our commitment to offering strategic environmental solutions, we launched the "Plant Your Tree" initiative. This project aims to combat the effects of climate change and enhance food security for local populations. By planting as many trees as possible, the project seeks to reduce temperatures, increase vegetation cover, and address global warming. The initiative directly benefits more than 500,000 people.

A Sustainable Environmental Project

Making a Difference

We embarked on our agricultural project with an inspiring slogan: **Plant Your Tree, Plant and Secure Your Future.** We believe that planting even a single tree can make a difference. A mature tree can absorb up to 26 kilograms of carbon dioxide annually and release enough oxygen to support two humans for a year.

Our project began in two regions of Kenya, but our ambition extends to Gaza, Lebanon, Yemen, and other regions around the world.

To The
World

1,000,000
Trees

In the first phase of the project, we aim to plant 1,000,000 trees, benefiting over half a million people. This represents a new challenge we strive to meet with a spirit of generosity and solidarity.

100%
Sustainability

Our primary goal is to tackle environmental problems by increasing green spaces with a sustainable impact, providing thousands of job opportunities for the most needy communities, contributing to their development, and improving their income, education, and health standards.

Plant Your Tree for Countless Benefits

1

Soil Stabilization and Combatting Desertification

Trees help gather moisture from the air, reducing soil erosion.

2

Job Creation

The project provides jobs and utilizes local labor.

3

Restoring Wildlife Habitats

It creates natural habitats for birds and animals, revitalizing soil rich in organic fertilizer.

4

Environmental Solutions

The project addresses environmental problems and boosts sustainable development

5

Food Security

It contributes to food availability and helps achieve food security in areas served by Rahma Worldwide.

6

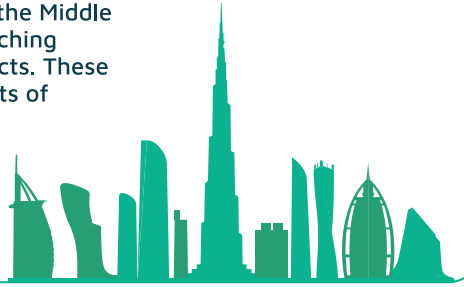

Tackling Global Warming

The project helps address global warming issues.

From the UAE, Here Comes Rahma

As part of Rahma Worldwide's expansion plans in the Middle East, the United Arab Emirates has become a launching point for our humanitarian and development projects. These initiatives will transcend borders to reach the hearts of those in need across the Middle East, Africa, and South Asia. The UAE is recognized as a global leader in humanitarian efforts, providing \$3.45 billion in foreign aid in 2022 alone.

From Chicago, Here Comes Rahma

Chicago serves as a central hub for innovative projects aimed at welcoming refugees in North America. These initiatives provide support, guidance, and educational and recreational opportunities to meet the needs of refugees and help them achieve stability within the community. The city implements various programs designed to address the diverse needs of refugees and facilitate their integration into society.

The Media's Eye on Rahma

We have expanded our media network and targeted new audiences worldwide, as our goal is to build bridges of trust between donors and beneficiaries. Our achievements in development projects, relief campaigns, and emergency response efforts have painted a successful picture of our work, leading to media appearances on channels like **Al Jazeera**, **Al Hiwar**, **TRT World**, and **Yemen TV**. This media presence has allowed our team, led by Dr. Shadi Zaza, to highlight the profound impact of Rahma Worldwide's projects on people's lives.

Rahma's Digital Presence

Rahma's activity on digital social media platforms has significantly increased, shining a spotlight on our relief and development projects.

A Voice for Gaza:

Rahma's Journey Across America

In over 7 American cities, renowned international artist Mohamed Tarek performed special concerts and events in support of Gaza. Each performance brought a mix of sorrow, passion, and laughter, leaving an unforgettable mark on the hearts and minds of the audience. The impact of these events resonated through the support and donations made for the people of Gaza.

With Us Dreams Become Reality

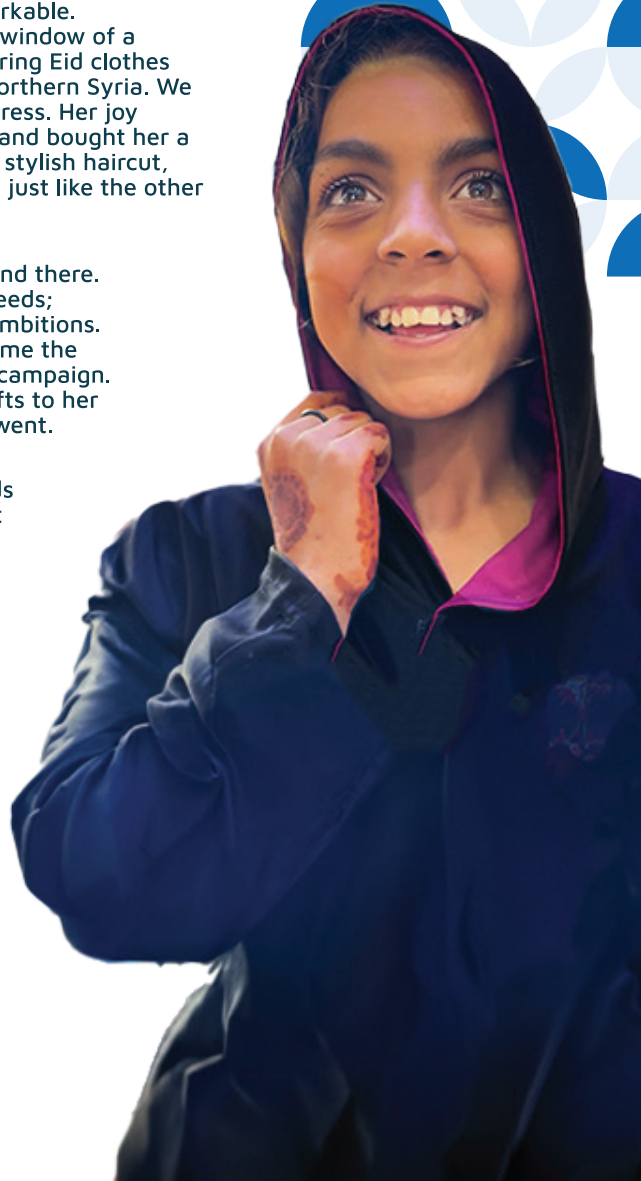

Fatima

A Girl From a Refugee Camp to an Inspiring Leader Spreading Joy and Hope

Fatima's journey is nothing short of remarkable. Fatima, a sad little girl, stood behind the window of a clothing store where our team was preparing Eid clothes for children in the rural area of Aleppo, northern Syria. We noticed her tears and longing for a new dress. Her joy knew no bounds when we embraced her and bought her a beautiful embroidered dress along with a stylish haircut, allowing her to experience the joys of Eid just like the other children.

But our unique story with Fatima didn't end there. We didn't stop at meeting her material needs; instead, we invested in her dreams and ambitions. Dr. Fatima, as she liked to be called, became the exceptional director of the "Eid and Joy" campaign. With her own hands, she delivered Eid gifts to her peers, spreading smiles everywhere she went.

Fatima's story is just one of the thousands of success stories we continue to write at Rahma Worldwide on our humanitarian journey.

Be Part of Rahma

Choose What Resonates with You

Financial Support

Join us in our humanitarian mission and be a financial supporter of our projects. Your contribution, no matter how small, helps us provide continuous services and expand our humanitarian reach. Help us make a difference today.

Volunteer

We offer volunteer opportunities in the countries and regions where we operate. As a volunteer, you can support our operational, relief, and media efforts across various fields. Visit our website to learn more and join our global network of volunteers.

Our Platforms are Open!

Stay updated on our news and activities by following us on social media and visiting our website regularly. Your support in sharing our work with your family, friends, and community can make a big difference.

Share Your Ideas and Opinions

Feel free to share your thoughts and ideas about our projects and activities, and contribute to improving the quality of our work. Visit our website to get in touch and communicate with us.
